BIBLE SOCIETY RECORD

NUMBER 5

...

The Year 1918

TO those who recall the conditions and stress of a year ago in the world, in the nation, and in the affairs of this Society, a glad song of praise will appear natural, as a brief review is presented. Perhaps the greatest victory of the war has been that of arousing, mobilizing, and using spiritual forces. Gratitude arises also for the financial support of the believers in God's Word, and for the blessing which has multiplied the Bread of Life to the feeding of a multitude the world over under peculiar difficulties.

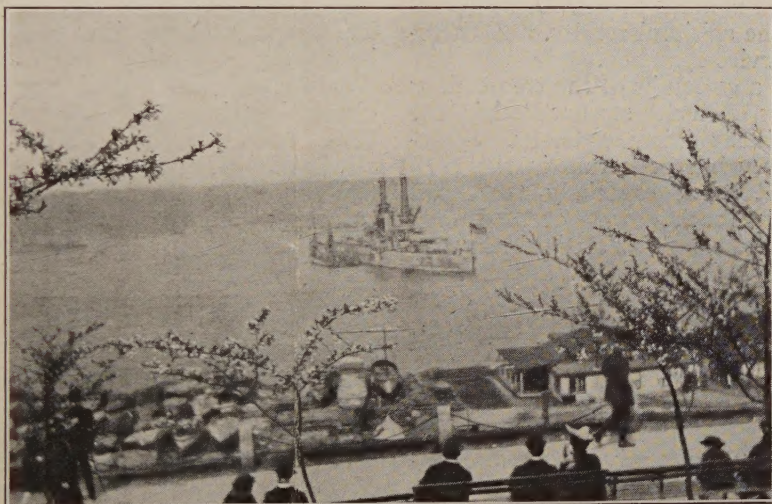

The fuller annual reports of the Executive Officers and other workers which is under preparation will elaborate and establish the manifold reasons for thanksgiving unto God in connection with the experiences which the Society has shared during 1918 with all the world.

The Issues

A year of war has meant a year of unusual conditions and a year of unusual results. Decreased appropriations and increased expenses of material and labor inevitably reduced the production of Scriptures for ordinary purposes.

On the other hand, the special and large production of Scriptures for our Army and Navy increased the total of issues. The net result was that the issues for 1918 rose to 235,780 Bibles, 2,423,722 Testaments, and 3,381,205 portions, or a total of 6,040,707 volumes; this being a marked increase over the total of 4,818,564 volumes issued in 1917.

The issues of the Foreign Agencies were 1,368,769 during 1918, against 1,951,532 in 1917. The issues from the Bible House, including 539 volumes purchased by Home Agencies, and Scriptures manufactured for the Society in New York, under contract, for Army and Navy use, totaled 4,480,058. The number of Testaments in this issue exceeded the combined total of Bibles and portions, there being 2,299,536 Testaments, against 208,788 Bibles and 1,971,734 portions. This was the outcome of the great numbers of pocket

et Testaments given the soldiers.

The total issues in America since 1816 have been 80,962,687 volumes; and in foreign lands, 53,188,943 volumes.

The total issues of the Society in the 103 years of its service have been 134,151,630 volumes.

Circulation

We have and can present only the circulation of Scriptures by the Agencies, Home and Foreign, but cannot give a total of the circulation, since many other agencies of distribution make no report to us.

Frequently in recent years we have said that the decrease in circulation has been almost entirely the result of lack of books. This is strikingly illustrated in the current year from the fact that the circulation in Foreign Agencies exceeds the number of volumes issued in the same year. The circulation in 1918 was 1,785,153 volumes as against the issues of 1,368,769 volumes. It is evident that this circulation has only been possible because of stocks from previous years brought forward. But such reserves have been exhausted in some great countries, as in China, where the circulation would easily have been

doubled had there been books available. Only in Siam was there an increase in circulation over the previous year, the decrease in the other Foreign Agencies amounting to almost 700,000. In the Home Agencies, increases were reported in the two oldest, and decreases in all the others; there being a loss of over 260,000, the total circulation for 1918 being reported as 838,733 volumes. This, however, represents practically only one-fifth of the circulation in the United States by our Society.

Our War Service

The explanation of the foregoing statement lies in our war service, through which 3,292,734 volumes of Scripture were supplied for men of our Army and Navy during 1918. While the full *Annual Report* will give something of the effect of these millions of volumes, only the record which is made in heaven will completely tell of the spiritual results, and therefore the real service rendered.

Space forbids any details of the tremendous and multifarious obstacles surmounted in the production of these millions of books. Something of the story has been told in the 1918 pages of the *RECORD*, especially the April issue. The distribution was accomplished chiefly through the chaplains of the Army and Navy and the National War Work Council of the Y. M. C. A.; but also through other recognized channels, such as the Red Cross, the Salvation Army, denominational War Commissions, and, of course, through innumerable churches, societies, and individuals.

From officers and from privates, from chaplains and from Hostess Houses, from the Expeditionary Force in France, from the battle-ships on the ocean and the great cantonments in America, has come testimony that a large percentage of the American forces, so generously supplied with the Scriptures, read them; and there continued even to the end of the year an eager call for volumes, showing that even the large number issued had not fully supplied the demand. Stirring and surprising stories of their influence continue to come. Who would have thought that a shipment of Sheetswa Scriptures, printed at the Bible House and sent in 1917 on their tortuous journey to East Africa, would be the means, in the latter part of 1918, of converting a heathen East African soldier in Portuguese Nyasaland. But such is one recorded fact.

The statistical facts of this war service can be briefly presented. During 1918 there were issued 12,430 Bibles, 1,921,027 Testaments, and 1,359,277 portions; or a total of 3,292,734 volumes for our own American forces. Adding these figures to those reported for pre-

vious years of the world war, we have a total of 13,421 Bibles, 2,545,600 Testaments, and 1,982,434 portions; or a total of 4,541,455 volumes as the tabulated evidence of our service to the soldiers and sailors of the United States.

This service was accomplished only through the favor of God, the faith and courage of the Board of Managers, strenuous efforts on the part of the Secretarial force of the Society, aided part of the time by Mr. David Hinshaw, of New York City, and a somewhat slow but eventually encouraging response from the Christian public, by which, when the armistice was signed and a balance on the Army and Navy Fund was drawn, a comparatively small deficit remained.

Of the work in Europe during 1918 a few reports have been received, showing issues of some 30,000 volumes in that year. But belated reports of previous years' work showed issues approximating 140,000 volumes, the details thus added during 1918 to our war circulation in Europe being 1,177 Bibles, 22,007 Testaments, and 148,437 portions; or a total of 171,621 volumes. Adding these figures to the 1,674,867 volumes previously recorded, we have a total of 1,846,488 volumes of Scripture supplied by the American Bible Society for the fighting forces in Europe during the war; and we know that this report is not complete.

The year closes with activity in supplying special editions of the Testament and Psalms for the Army and Navy Hospitals. Another phase of work in progress as the year ended was that of the preparation of a uniform set of Testaments in ten European languages, to meet the call on behalf of men taken into the United States Army and Navy who still depend on their mother tongues for reading, and for whom the Scriptures could not be obtained from abroad.

Combining the issues at home (4,541,455) and abroad (1,846,488) so far recorded for the period, August, 1914, to December 31, 1918, the Society has furnished 6,387,943 copies of Scripture in this war service.

HOME AGENCIES

It is worthy of emphasis that while the Home Agencies on the one hand were not credited with this war circulation, the Agency Secretaries, on the other, were largely occupied during the year in stimulating and carrying through the campaign for funds to supply Scriptures to the Army and Navy. In it, they were unusually successful. Because of these combined conditions, and also because of the decreased appropriations, other phases of their regular work, naturally, suffered.

Colored Agency

Dr. Wragg, of Atlanta, Ga., who is in charge of this, the oldest Agency, writes with courageous cheer of an increased circulation, despite diminished force and funds—10,166 Bibles, 14,074 Testaments, and 17,529 portions being distributed. Of the 27,000 families visited over 3,000 were found not to have Bibles. All who were willing were supplied. This is the only Agency in which all the Scriptures circulated are in one language—English.

Northwestern Agency

Here, also, the Agency Secretary, Dr. Kirkbride, reports an increase in circulation, despite a very small staff and limited funds. It

COLPORTEUR PERKINS OF THE NORTHWESTERN AGENCY AT WORK

was an exception also in the fact that a considerable portion of the Scriptures circulated were the pocket Testaments for the soldiers and sailors, as may be gathered from the fact that there were 175,444 Testaments distributed, as against 29,026 Bibles, and 72,503 portions, the total being 276,973 volumes. These Scriptures were distributed in 47 different languages and dialects—a marked contrast to the report on this subject by the Colored Agency, but not surprising when one remembers that the Agency covers Illinois, Indiana, Iowa, Michigan, Minnesota, Nebraska, North Dakota, South Dakota, and Wisconsin.

South Atlantic Agency

This elongated Agency, running from Virginia to Florida, under charge of the Rev. M. B. Porter, at Richmond, Va., shared in

the common difficulties of the year and has to report a diminished work. The circulation was 85,567 volumes, composed of 9,637 Bibles, 27,864 Testaments, and 48,066 portions—in 16 languages. An interesting item in the Secretary's report is the visitation of 24 prisons, which were supplied with the Scriptures.

Western Agency

This extensive Agency, running from Canada to Mexico, furnishes Dr. Ragatz, of Denver, Colo., and his co-workers, a difficult field of mountains and plains. Missouri, Kansas, Colorado, Idaho, Montana, Utah, Wyoming, New Mexico, and Arizona, are the states it covers. Here the circulation amounted to 34,218 volumes; 7,779 Bibles, 16,035 Testaments, 10,404 portions. There was a staff of only 28 workers, 10 of whom were Bible-women, in this vast territory, they distributing the Scriptures in 36 languages and visiting 51,339 families, of whom 3,552 were found to be without any Bibles at all. The full report contains stimulating reading.

Pacific Agency

As on the Atlantic so on the Pacific, an Agency stretches along the coast. This Agency carries on work in Washington, Oregon, California, with Nevada, ordinarily under the charge of the Rev. A. Wesley Mell, of San Francisco, Cal. In the latter half of the year, however, Mr. Mell was working for the Methodist Centenary as a Conference team leader, being loaned by the Society to the missionary boards for this purpose; and the Rev. J. L. McLaughlin, of the Philippines Agency, being at home on furlough, acted as Secretary.

In this Agency an especially successful campaign for the Army and Navy Fund was made. The 79 colporteurs, Bible-women, and correspondents visited 16,100 families, 2,125 of whom were found to be without the Bible. This proportion of one in eight is the largest reported by any Agency, that of the Colored (one in nine) being next. The circulation totaled 74,342 volumes: 6,568 Bibles, 20,522 Testaments, and 47,252 portions. Almost as many different languages (61) were used in this circulation as reported in all our Foreign Agencies (66), indicating something of the heterogeneous population on the Pacific Coast.

Southwestern Agency

Four states go to make up this Agency, but it is nevertheless not a small one, since Texas is one of the four—together with Arkansas, Louisiana, and Oklahoma. The Rev. J. J. Morgan, who is in charge at Dallas, Tex., mentions an unusual demand for family Bibles, particularly on the part of parents who had sons in the service. This Agency also

had a vigorous and successful campaign for the Army and Navy Fund. The Scriptures were distributed in 35 languages, to a total of 83,972, 9,727 being Bibles, 45,500 Testaments, and 28,745 portions. The great need of the year has been colporteurs, 8 having been employed.

Eastern Agency

The Rev. Henry J. Scudder, of Brooklyn, N. Y., reports a most interesting year, particularly in connection with the Army and Navy Fund campaign, and in the visitation of Debarkation Hospitals in and about New York City, of which a striking account appeared in the February, 1919, RECORD. Limited funds for the general work and the needs and opportunities of the Army and Navy combined to emphasize the latter. However, a distribution of 30,093 copies of the Scriptures, 3,157 being Bibles, 9,673 Testaments, and 17,263 portions, in 39 languages and dialects, was accomplished through the help of 13 workers, 15,926 families being visited.

Central Agency

This is the first year of report by the Rev. Frank Marston, as in charge of the Central Agency, including the five states—Ohio, Kentucky, Tennessee, Alabama, and Mississippi. Within this area were located some of the largest industrial war camps of the government, which provided peculiar conditions and opportunities. The intense cold of the win-

ter, the transportation difficulties in getting Scriptures from New York, and the influenza epidemic, all interfered greatly with the work. Nevertheless there is encouragement in the fact that 52,039 volumes were circulated: 6,840 Bibles, 23,158 Testaments, and 22,041 portions. These were in 22 languages.

Atlantic Agency

This, the youngest Agency, under the charge of Dr. Parkin, of Philadelphia, Pa., covers the states of Pennsylvania, New Jersey, and Delaware, where 11 workers visited 24,995 families, and put in circulation 159,760 volumes, consisting of 18,131 Bibles, 39,506 Testaments, and 102,123 portions. These were in 48 languages. It is interesting to note that the Pacific Agency used the

largest number of languages (61), the Atlantic Agency came next with 48, while the Northwestern, centering around Chicago, was next, with 47. Great shipyards which sprung up along the Delaware in connection with the war were systematically visited and many volumes of Scripture circulated. An encouraging development of the year was the voluntary workers in churches and the interest on the part of college students in the distribution of the Scriptures.

FOREIGN AGENCIES

West Indies

The West Indies Agency, which has been enlarged by the addition of the Virgin Islands and Venezuela to the previous territory of Cuba, Porto Rico, Haiti, Santo Domingo, Guadeloupe, and Martinique, was for half a year under its former director, the Rev. W. F. Jordan. Dr. Marcial-Dorado then took charge and has been visiting the fields and workers, making his headquarters at San Juan, Porto Rico. The report shows a circulation of 11,051 volumes: 3,768 Bibles, 2,933 Testaments, and 4,350 portions, distributed through 28 sub-Agents, colporteurs, etc. This scattered and varied Agency appeals as full of opportunity to the new Secretary.

Mexico

The Agency of Mexico was during most of

the year under the charge of Mr. Jordan. On his transfer in October, the Rev. A. H. Mellen, Archdeacon of the Protestant Episcopal Church in Mexico, took charge. A circulation of 70,940 volumes was reported: 2,269 Bibles, 2,054 Testaments, and 66,617 portions. Here, too, prospects of increasing work are hopeful.

Panama Canal and Central America

The Panama Canal and Central America Agency has now one of our experienced Agency Secretaries in charge, the Rev. W. F. Jordan, for some years connected with the West Indies Agency and more recently with the Mexico Agency, having taken up his residence and work at Cristobal, in the new Bible House. Prior to his arrival the work was under the supervision of the Rev. Dr. G. A. Miller, superintendent of the Methodist Episcopal Mission in that region, who placed the Society under great obligation by rendering this service in addition to his own work.

The Scriptures were distributed in 12 different languages by 61 workers, who report a total of 39,153 volumes circulated: 3,211 Bibles, 5,190 Testaments, and 30,752 portions. The work was hampered by earthquakes in Guatemala, and the war conditions in the Canal Zone; but these same war conditions opened the way to the supply of Scriptures to many soldiers and sailors there gathered. Here also the prospect for the opening year is encouraging.

La Plata

The La Plata Agency, covering the bulk of South America, aside from Brazil, is under the charge of our veteran Agency Secretary, the Rev. Francis G. Penzotti. With a scattered force of 46 colporteurs, Scriptures were distributed in 27 languages to a total of 45,140 volumes: 11,414 being Bibles, 11,271 Testaments, and 22,455 portions. The lack of, and difficulty in obtaining, Scriptures was greatly felt, and of course restricted the circulation.

Brazil

Dr. Tucker had a full year in charge of his old work in Brazil. Here also the war so absorbed transportation facilities that fresh supplies of Scriptures were months in reaching the field. Yet a busy year is reported, Scriptures being distributed in 29 languages, with a total of 19,602 volumes: 4,267 being Bibles, 4,867 Testaments, and 10,468 portions.

Levant

The work in the Levant was of course greatly affected by war conditions. Mr. Peet, who has been in charge since Dr. Bowen died, was in the United States; but Messrs. Cassapi and Shabazian, long trained by Dr.

Bowen, were faithful in their duties at Constantinople. The Rev. Mr. Popoff was surprisingly successful in distributing a large number of Scriptures in Bulgaria. Dr. Hoskins, of the American Presbyterian Mission, started back for his work at Beirut in the middle of the year, commissioned to give a part of his time to the service of the American Bible Society, being specifically in charge of the work among the Arabic-speaking people. The Rev. Michael Bakhit, of Alexandria, was faithful in his duties in Egypt. So far as figures are presented, Constantinople reports a distribution of 34,315 volumes and Egypt of 30,739, giving a total of 65,054 volumes.

Siam

The Rev. Robert Irwin has made extensive tours, while 45 colporteurs and 16 workers have assisted in circulating the Scriptures in 8 languages, reporting a total of 147,352 volumes: 49 Bibles, 586 Testaments, and 146,717 portions. The attempt was made, this year, to cover completely every part of the Chiengmai field with the Scriptures. Especial atten-

PORTEUR IN URUGUAY FOR OVER SIX YEARS NOW

tion has been given to the training of col-porteurs.

China

In the vast territory of China our Society has responsibility for supplying the Scriptures in certain fields. Lack of funds has necessitated the sad reduction of the force, there being in 1918 5 sub-Agents, as against 8 in previous years, and a large reduction in the number of workers—394 as against 709 in 1917. An even more curtailing factor was the actual lack of Scriptures, since the production in recent years has fallen considerably short of the distribution, and all old stock is being exhausted.

Dr. Hykes, in charge, had a further peculiar problem through the abnormal loss in exchange, which, added to the higher cost of printing and the reduced funds, together with the troubles growing out of revolutions, particularly in Hunan and Szechuen, made it a difficult year indeed. So far as figures show results, there was a total circulation of 1,034,309 volumes in 17 languages, 7,379 being Bibles, 31,747 Testaments, and 995,183 portions.

Japan

The Rev. Karl E. Aurell, with 67 workers, reports a circulation of 92,535 volumes in the northern half of Japan, the territory for which our Society is chiefly responsible. Of these, 5,053 were Bibles, 40,494 Testaments, and 46,988 portions, in 12 languages. Of course the difficulties consequent on reduced funds and high cost of production hampered the work here. But the prospect is encouraging if funds are made available.

Korea

Presumably this will be the last year of report on our work in Korea, since our Society withdraws from this field to take entire charge of the work in the Philippine Islands, while the British and Foreign Bible Society, withdrawing from the latter, has the full responsibility for Korea. Here, also, conditions reduced the total volumes circulated, which reached 213,739. A working force of 133 took part in this distribution, which amounted to 390 Bibles, 6,838 Testaments, and 206,511 portions.

Philippine Islands

The Philippines Agency was in charge of the Rev. W. H. Hanna during the furlough of Mr. McLaughlin. Mr. Hanna had his own mission work to carry on, and having limited funds for the Bible work can naturally report only a decreased circulation of 45,495 volumes, 3,141 being Bibles, 12,569 Testaments, and 29,785 portions. Mr. McLaughlin returns to

the field full of zest and plans, under the new arrangement with the British and Foreign Bible Society, which places the whole field of the Philippine Islands in his charge and promises greatly increased efficiency.

Translation and Revision

Even war has not stopped the great work of translation and revision, as shown by the picture on the cover of this RECORD.

Some of the new translations or revisions, such as the Spanish, Portuguese, and in China the Wenli and the Mandarin, are in process of being tried out, and comments indicate appreciation. Progress has been made in the translation of some of the Gospels in Mukri Kurdish in the Levant, and for the Kaw and Lahu mountain tribes in Siam.

The Bible Society Record

Perhaps the chief contribution of the BIBLE SOCIETY RECORD in 1918 has been in connection with reporting our war service. Subscribers encouraged us by their renewals, and when the exigencies of war led the government to curtail the privilege of free exchange with other magazines there was encouragement in the number of exchanges which paid subscriptions rather than lose its monthly visit.

Other Publications

While the presses of the Bible House were busy in producing the largest number of Scriptures ever issued from the Bible House, they also accomplished considerable service in publishing 211,000 copies of four pamphlets and nine leaflets bearing on the Army and Navy work, and 183,070 copies of other pamphlets and leaflets, making a grand total of 394,070 copies. This of course is in addition to the monthly publication of the BIBLE SOCIETY RECORD, and of the Annual "Story" of the year, of which 7,500 were printed.

Auxiliary Bible Societies

The influence of the war has been apparent in opposite directions in connection with the auxiliary Bible Societies. Some have been more active than usual in helping supply Scriptures for the Army and Navy. Others seem to have lost vitality, perhaps through the absorption of their membership in other lines of war service. Gifts totaling \$23,564.71 have come for the general work, and \$2,666.83 for the Army and Navy Fund.

Staff Changes

The staff changes have been noted from time to time in the columns of the RECORD. The most prominent was the resignation of Dr. Fox as Corresponding Secretary. Mr. Chamberlain became Recording Secretary in

January. Changes in the Agencies have been mentioned above.

In Memoriam

The Society has lost by death three Vice-Presidents: The Honorable Charles W. Fairbanks, Edward H. Sholl, M.D., and Gerard Beekman, Esq.; and two Managers: Silas B. Brownell, LL.D., and James W. Pearsall.

Conclusion

The year was not only one of great difficulties and really great accomplishments, but it was one which taught clearly that "If it had not been Jehovah who was on our side" there would not have been such a record to present. The future is not clear, but we face it with courage and hope, because the work is not ours, but the Lord's.

Notes and Comments

THE picture on our cover calls attention to two facts. One is the important work of translation and revision which forms a prominent part of the purpose and work of the great Bible Societies. The other fact is that this work has been going on steadily despite the war. Not long since the British and Foreign Bible Society called attention to the fact that the Scriptures were appearing in a new language on an average of once in six weeks, even during the war.

This particular picture presents a committee of the North Siam Presbyterian Mission translating the book of Proverbs in Lao. From right to left they are: the Rev. Roderick Gilies, D.D., Mr. Nai-oh, the Rev. Howard Campbell, D.D., J. W. McKean, M.D., Elder Charwana, the Rev. Kanai, and the Rev. Robert Irwin, Secretary of the American Bible Society for Siam.

By the death of Mr. H. J. Heinz, of Pittsburgh, Pa., the religious leadership of the United States suffers a great loss. Mr. Heinz had devoted his energies, after accumulating a large fortune, to the building up of Sunday-school work throughout the world. He was the president of the World's Sunday School Association, which so generously co-operated with the American Bible Society in supplying the soldiers of the warring nations in Europe with Scriptures. The sympathies of the Society are expressed to the World's Sunday School Association.

ALL friends of the Bible will be grieved to know of the death on May 10, 1919, in Florida, of the Rev. George Heber Jones, D.D., for many years a member of the Mission of the Methodist Episcopal Church in Korea. Dr. Jones was one of the early members of the Translation Committee on the Korean Bible. It was for distinguished services on this Committee that he received his "Doctor of Divinity" from the University of Illinois. For a number of years he has been associated with the staff of the Board of Foreign Missions of

the Methodist Episcopal Church in New York City. A pamphlet by Dr. Jones on the Korean Bible was published as one of the Centennial publications of the American Bible Society.

WE are grieved to have to record the death of the Hon. Horace Purinton, president of the Bible Society of Maine, on the 15th of May, 1919, at Portland, Me.

The secretary of the Maine Bible Society tells us that: "He was privileged to go to his reward without any cessation of activity. He was about his business all day last Thursday, attended his prayer meeting that evening, and in less than three hours after bearing especially tender testimony as to the inspiration to his life of the first two words of the Lord's Prayer, he was gone."

THERE is something peculiarly affecting in such a word as follows:

"You will find inclosed \$5, which represents a fund begun by a soldier, Hugh Nicely, who died with the 'flu' at Camp Sherman last fall. It was his intention that the money be used for some cause that would help others. Since his death his mother has turned this sum over to me, to see that his wish is carried out; so I am sending the same to you for your Army and Navy Fund."

FOLLOWING is an extract from a letter from Mr. William C. Terril, of the Methodist Episcopal Church, Inhambane, East Africa, dated May 6, 1918, showing the far reach of our Army and Navy service:

"A few months ago I wrote to you about the Gitonga Scriptures being used up entirely. I did not report why there was a sudden run on them. The Church of England Mission of this district has worked principally among the Batonga tribe and there were several young men from that tribe, also, drafted for the front. This Mission, referred to, wished to

supply their natives with a copy of the New Testament in Gitonga, and their stock being exhausted I gave to them one hundred copies, which I used all that I had with the exception of ten. Thus we are in need of three hundred copies at least of the Gitonga New Testament. There are calls weekly for them and nothing with which to supply the demand."

It is a great pleasure to receive a letter like this, as all our readers can realize:

"My dear kind Friends: It has been my earnest desire for some time to express to you who have made it possible for the blind to have the Bible written in the raised types, my deep appreciation. It is certainly an act of divine love, and deserves the highest and deepest expression of gratitude. Mere human words are inadequate to express my gratefulness for the two volumes of the Old Testament and the whole New Testament you sent me a few months ago, but I know God will bless you all. As is beautifully expressed by a poet in speaking of true love:

"For we must share if we would keep that blessing from above;

Ceasing to give we cease to have: Such is the law of love."

"These books are enabling me to bring much joy and comfort to others, and giving me 'Daily strength for daily needs.' Thanking you from the depths of my heart for this precious gift, I know God will love and bless you all for your charitable efforts."

THE Interchurch World Movement has had a most auspicious beginning in the great conference of members of all mission boards of the United States and Canada, held in Cleveland, April 30th to May 1st. The awakening of the Christian people of America to the value of large, comprehensive, and especially co-operative, plans in making their appeals, is most encouraging.

WE reprint this from the *Evening Sun* of New York to render such assistance as is possible in finding this treasure:

"World-wide search, more particularly in Germany, is being made for the celebrated Book of Gospels, which was the principal feature of the treasure of the Cathedral of Rheims which has disappeared since the German occupation of that city. Cardinal Lucon, Archbishop of Rheims, has received an assurance from Benedict XV. that endeavors will be made to trace the volume through the Roman Catholic clergy and religious orders in Germany; and it may be said that not only the

entire Roman Catholic Church but also the whole of the Slav race is interested in its recovery.

"Magnificently bound and with golden coverings richly set with precious stones, couched in the old Bulgar language, it was held in the greatest veneration throughout eastern Europe as the most ancient Slav copy of the Gospels in existence. It is said to have been brought to France in the tenth century by Princess Anna Uaroslaf, the Slav consort of King Henry I. of France, and from that time forth was used at the coronation of every ruler of France at Rheims when he made his vow to safeguard the rights and privileges of the Roman Catholic Church. King Charles X. was the last French king to be crowned at Rheims and to kiss these Gospels in sealing the customary oath, in 1825. The volume was venerated in 1707 by Peter the Great, who specially visited Rheims for the purpose.

"It was hidden away during the great revolution at the end of the eighteenth century, only reappearing on the Bourbon restoration in 1815. After having survived without harm all the wars in which France has been involved during the last 1,000 years it vanished during the recent German invasion, and should it ever reach America, the destination of so many priceless treasures of this kind, any dealer or collector who happens to hear of it will by notifying the French authorities place under deep obligations the government and nation of France and the churches not only of France but also of all Slavdom."

A LONDON paper announces the printing of a "Victory Bible," a special edition with pages of handmade paper, inserted on which may be recorded the family roll of honor, etc.

CHAPLAIN LEO, whose picture we presented in the last number of the RECORD, said to one of the General Secretaries the other day: "Do you know, paper is so expensive now in Europe that we have to give New Testaments instead of Bibles, as is the custom on wedding occasions, to the bride and groom."

THE Rev. John B. Irons, of Geneseo, N. Y., seventy-three years old, a representative of the Livingston County Bible Society of New York State, in a recent letter tells us that he has had charge of this Auxiliary for twenty years, and during that time has made 7,876 visits to families, selling 39,053 Bibles and portions, costing \$1,051.29 (all paid for), and granting to the destitute 1,320 volumes. He

has found over 200 families—not counting Catholic families—destitute of the Scriptures, and has supplied them all. Innumerable letters have been written and public addresses given. This is a good record of faithful service.

BIBLE SUNDAY has been celebrated on the 4th and 11th of May, in Scotland. A long list of the churches in the west of Scotland celebrating the day has just been received, and with it a statement that President Wilson's message concerning the Bible has been printed in an edition of 160,000 and placed in the pews of the various churches celebrating Bible Sunday.

Resolutions of the General Assembly of the Presbyterian Church, U. S. A.

THE General Assembly was in session in St. Louis from May 15 to 22, 1919. At the morning session on May 17th Secretary Frank H. Mann made an address in behalf of the American Bible Society, at the conclusion of which the following resolutions were presented by a commissioner in attendance and unanimously adopted:

Whereas, it is the belief of the General Assembly that the service of the American Bible Society in publishing Scriptures at a price below cost of manufacture is an indispensable service, and

Whereas, the Presbyterian Church is not equipped to publish Bibles on a scale adequate enough for its needs, and

Whereas, the American Bible Society is dependent for its support upon the great Christian bodies of the country, and

Whereas, other denominational bodies have recognized the American Bible Society among their official benevolences, and

Whereas, the commendation which the General Assembly has always given the American Bible Society has not produced a generous response on the part of the Presbyterian churches; be it

Resolved, That the General Assembly recognizes the service of the American Bible Society as indispensable to our missions, both home and foreign, and be it further

Resolved, That the General Assembly refers to the Executive Commission with power the request of the American Bible Society to be placed upon the Assembly's official list of benevolences, and be it further

Resolved, That the General Assembly refer to the Executive Commission with power the request of the American Bible Society that the Committee on the New Era Movement be authorized and directed in its subsequent budgets to provide for the American Bible Society as generously as the situation warrants.

Whereas, the American Bible Society, in order to promote an interest in the distribution and use of the Scriptures, has set aside the last Sunday in November, 1919, as *Universal Bible Sunday*, and

Whereas, they propose to furnish ministers throughout the nation with appropriate literature for use in the celebration of this day,

Be It Resolved, That the General Assembly approves of the plan of the American Bible Society in designating the last Sunday in November, 1919, as *Universal Bible Sunday*, and calls upon its ministers to co-operate with the Society as far as may be practicable in bringing to the attention of the members of the Churches the importance of the use and widespread distribution of the sacred Scriptures.

BIBLE SOCIETY RECORD

EDITORS, *The Secretaries*

New York, May, 1919

Devotional exercises were conducted by the Rev. Dr. William P. Bruce, who read the ninety-first Psalm, after which he offered prayer.

The minutes of the various standing committees were presented and approved.

On the recommendation of the Committee on Ways and Means, the last Sunday in November was adopted as Bible Sunday and the Secretaries authorized to take such steps as may be necessary for securing a general observance of the day throughout the nation.

The Home Agencies Committee presented recommendations and requests of the Home Agency Secretaries' Conference, held March 4th-7th, in New York, and the Board approved of referring the same to the various standing committees for attention and disposal.

The following action of the Conference was reported for record in the minutes of the Board:

Resolved, That since Mr. James Wood is to retire next December from the Presidency of the American Bible Society, after his years of conspicuous service in that position since 1911, we would record our appreciation of his fine leadership and assure him of our continued personal esteem and love for the work's sake.

On the recommendation of the Committee on Auxiliaries and Home Agencies, the names of ten auxiliary Bible societies which are defunct were dropped from the roll of societies, as were those of thirty-five from which no word has come within the past three years or more.

On the recommendation of the Committee on Foreign Affairs, the Board approved of the proposal of the British and Foreign Bible Society as to the details of effecting the exchange of fields in Korea and the Philippines.

An invitation from the Paris Bible Society, requesting that delegates be sent to the celebration of the centennial of that society, was referred to the Committee of General Reference.

A request from the British and Foreign Bible Society for sets of plates of special Bibles, made by a photographic process in certain European languages by the American Bible Society, to meet the exigencies created by the

war, was referred to the Secretaries and Treasurer with power.

On a personal statement from President James Wood, the following action was taken:

Resolved, That President James Wood, having stated it as his desire that his resignation be accepted now, the Board so accept the resignation; and that Mr. Churchill H. Cutting enter on his duties as President at the close of the present meeting.

Total, 25,159 volumes, valued at \$3,447.77.

The issues from the Bible House during the month of March, 1919, were 115,887 volumes.

ONE HUNDRED AND THIRD ANNUAL MEETING

THE One Hundred and Third Annual Meeting of the American Bible Society was held at the Bible House, Astor Place, on Thursday, May 8, 1919, at 3.30 p. m., pursuant to adjournment.

President Churchill H. Cutting occupied the chair, and among those present were William Phillips Hall, J. Marshall Stuart, Mornay Williams, James R. Joy, the Rev. Dr. W. P. Bruce, of the Board of Managers, and F. T. B. Reynolds, secretary of the Monmouth County Bible Society.

Excuses for absence were received from John R. Taber, Henry A. Ingraham, Eben E. Olcott, John T. Manson, and the Rev. Dr. J. Ross Stevenson.

Devotional exercises were conducted by William Phillips Hall, who read a portion of the one hundred and nineteenth Psalm, after which he offered prayer.

The one hundred and third annual report of the Board of Managers for the year ending December 31, 1918, was read by Secretary Haven.

On motion of Mornay Williams it was

Resolved, That the report which has just been read be printed and circulated under the direction of the Board of Managers.

Secretary Chamberlain presented the action of the Board of Managers recommending to the Society an amendment in the Constitution to provide for a President Emeritus, to which position it was proposed that former President James Wood should be elected. The Society took into consideration the recommendation of the Board, and came to the conclusion that it was not necessary to change the Constitution in order to provide for the election of a President Emeritus. On motion of Mr. Hall it was

Resolved, To refer the matter of arrangement for the election of a President Emeritus to the Board of Managers with a unanimous recommendation that steps be taken at its next meeting to provide for the election of Mr. James Wood as President Emeritus, and that the Society put on record its very great appreciation of the services which Mr. James Wood has rendered to the Society during the years of his Presidency, and its very sincere desire that he may continue in official relation to the Society in this honorable office.

In view of the vacancies in the Board of Managers mentioned in the report just read, a committee consisting of James R. Joy, J. Marshall Stuart, and Mornay Williams was appointed by the President to nominate suitable persons to fill the vacancies.

Treasurer William Foulke presented a report of receipts and expenditures for the year 1918. On motion of Dr. William P. Bruce it was

Resolved, That the financial report just read be accepted and printed in the *Annual Report*.

On motion of J. Marshall Stuart it was

Resolved, That when the Society adjourns, it do so to meet on the second Thursday in May, 1920, at 3.30 o'clock, p. m.

The Committee appointed to nominate individuals to fill the places of the Managers whose terms of office have expired reported the names of George D. Beattys, Arlando Marine, Franklin Spencer Edmonds, William H. Klenke, and James R. Joy.

On motion of William Phillips Hall it was

Resolved, To accept the report of the Committee on Nominations, and to proceed to an election by ballot of members of the Board of Managers.

The President declared the result of the election to be as follows: Members of the Board of Managers for the term 1919-1923—George D. Beattys, Arlando Marine, Franklin Spencer Edmonds, William H. Klenke, and James R. Joy.

On motion of the Rev. F. T. B. Reynolds it was

Resolved, That the filling of any other vacancies in the Board of Managers be referred to the Board with power.

On motion of Dr. William P. Bruce it was

Resolved, That the Board of Managers as

now constituted be directed to meet at the Bible House on the first Thursday in June for the purpose of organizing for the coming year and for the transaction of such other business as may be presented.

On invitation of the President, the Rev. F. T. B. Reynolds, secretary of the Monmouth County Bible Society, spoke inspiringly of the revival of interest and service in that Auxiliary, which had entered its second century with increased vigor and enlarged gifts; he bore testimony to the value of the lantern lectures supplied by the American Bible Society, and told of methods he had been using to stimulate interest in the Bible cause through his own and neighboring counties.

Secretary Haven exhibited a copy of one of the Society's khaki vest-pocket Testaments which had been given to an employee of the Bible House when he went into the Army, and carried by him for a year and a half; and on his safe return presented by his grateful mother as a souvenir for the Society's library. The Testament was examined with interest by all present.

The meeting was adjourned.

A SAFE INVESTMENT

The Annuity Plan of the American Bible Society

ADVANTAGES

No anxiety. Good Interest. No unfortunate ventures. Income is fixed, sure, and regular. No burden in old age in the care of property. No temptation to spend or invest money unwisely.

Bestows blessings on others. Assists in the translation of God's Holy Word. Shares in the fundamental world-wide work of the American Bible Society.

For rates of interest, form of agreement and other information, apply to William Foulke, Treasurer, American Bible Society, Bible House, Astor Place, New York City.

A MILLION DOLLAR PROPOSITION

FOR the 35,000,000 Bibles, Testaments and parts of Scriptures produced annually, the world is dependent largely upon the great non-commercial Bible Societies, which print and distribute always below cost. Hundreds of thousands of copies are given away free.

In America that means the American Bible Society, whose annual output is one-sixth of the entire world supply.

During the war the American Bible Society printed and distributed 7,000,000 volumes in many languages among the fighting men of the world.

It requires upward of a million dollars annually for the American Bible Society to carry its share of the world programme, and for this amount it is dependent upon the gifts of Christian people.

Have you had any share in this great world-wide programme?
